ONE COPY—ONE CENT.

Tobacco Market Opens With Prices Higher Than Lexington

Much Interest is Taken in Opening of Market—Many Farmers Are Here—Prices Unusually High.

Maysville's 1919-20 tobacco season was opened Tuesday morning promptly at 9 o'clock and there was a great crowd of farmers on hand while every train arriving in the city brought more and every road leading to Maysville was filled with automobiles and huggies and by noon the large warehouses were crowded with persons anxious to see the market started.

The drawing for first sale resulted in the Planters Warehouse drawing the lucky ticket but as all of the tobacco the Farmers & Planters Warehouse company had was on the floor of the Farmers house, the sale passed on to the Independent, the next house in line.

Promptly at 9 o'clock Supervisor of Sales William Mitchell declared the market opened for sales and Auctioneer Finch, of the Independent-Central, began his song over the first basket in the crop of Grimes and Detro grown in Lewis county. The first basket which was least was purchased by the house at \$71 per hundred. The basket contained 45 pounds. The other baskets in this crop sold as follows: 25 lbs. at \$69; 25 lbs. at \$70; 15 lbs. at \$80; 50 lbs. at \$82; 85 lbs. at \$83. The entire crop was 205 pounds and brought \$115, an average of over \$56. The second crop sold was the crop of Albert Carpenter and the baskets sold as follows: 30 lbs. at \$40; 35 lbs. at \$48; 50 lbs. at \$48; 30 lbs. at \$18; 50 lbs. at \$12 1/2. Another crop grown by Pres Briggs in Lewis county weighed 235 lbs. and brought a total of \$1,220.61. One bright basket in the crop of Fred Schlitz, Mason county, brought 97c per pound.

The buyers seemed to be bidding more spiritedly on light colored tobacco but it was all bringing high prices and many of the local tobacco men who were on the Lexington market said that the local market opened much stronger than did the biggest market in the state.

Because of the small amount of tobacco on the breaks there was but one crew of buyers operating today but as soon as the tobacco warrants it there will be another set of buyers put to representing the large dealers here now work as there are enough buyers re-

to make up two complete sets of buyers.

The buyers on the market this morning were: Stanton Clift, E. T. Kirk and Theo Kirk for R. J. Reynolds; Roy Smith and J. C. Burwell for Liggett and Meyers; Major Thomas and J. B. Strickland for J. P. Taylor Company; Mr. Franke and Raymond Helser for the Helzer-Tuck Company; John Walker for Walker Brothers; A. T. Williams and T. A. Duke for The American Tobacco Company; T. H. Gray and Thomas Cook for T. H. Gray besides some ten or twelve speculators who were seen to be bidding quite freely.

There was less tobacco on the market today than there has been on any opening day in recent years but the very high prices which maintained are expected to cause the farmers to get a hustle on them and it is expected that there will be very much tobacco delivered on the local market within the next few weeks.

Sales will be held daily and the farmers will not be delayed for there are plenty of buyers and there is plenty of room in the warehouses.

Sales were held today at the Independent, Farmers, Growers and the buyers were at the Peoples late this evening. Reports obtainable at 3:30 o'clock follow:

Independent
Pounds sold 27,260
High price \$114.00
Low price 12.50
Average 35.72
Fred Schultz's crop averaged 70.80.

Growers
Pounds sold 29,455
High price \$100.00

LOCAL MEN TO OPERATE ON GRAYSON MARKET

Messrs. W. E. Smith and Robert Willocks leave this evening for Grayson, Ky., where they will operate this season for the R. J. Reynolds Tobacco Company.

Mrs. Fannie Davis, Reconstruction Aide, in service at U. S. General Hospital No. 43 is spending her furlough at her home in East End.

In the County Court, C. F. Owens was appointed to appraise the property of William P. Branel for inheritance tax.

CLOSING ORDERS FOR MAYSVILLE REMOVED BUT COAL IS CUT

Mayor Russell Received Telegram Removing Restrictions From Maysville If 10 Per Cent. of Coal Supply Is Cut Off.

In answer to his telegram to the Regional Coal Committee at Atlanta asking that Maysville, being in trade competition with Cincinnati, be given the same exemptions from the fuel restrictions as Covington, Newport and other suburbs of Cincinnati, Mayor Russell Monday night received a message which practically lifts the ban here on the closing of stores.

The Fuel Committee's telegram to Mayor Russell says that the restrictions need not apply to Maysville if the city is a 90 per cent. Natural Gas city and if the city will agree to reduce their consumption of coal 10 per cent. The Mayor advised the committee that Maysville used at least 90 per cent natural gas for fuel and that the amount of coal used for fuel here was so small as to amount to practically nothing in comparison.

The telegram received by the Mayor said nothing in regard to the removal or modification of orders not in effect as regards manufacturing establishments, etc., but seemed only to affect stores and business houses which have been compelled to remain closed under the strict orders of the Fuel Committee as a means of conserving fuel.

FARMERS AND PLANTERS

Sold Today 54,945 Pounds at An Average of \$57.23 Per Hundred.

The following is a list of all sales: W. H. Stout, 630 lbs., average, \$56.92; Shafe Boles, 2275 lbs., 85.47; Mitchell & Brittingham, 3690 lbs., 85.19; Key and Lane, 785 lbs., 85.05; Barrett & Griffith, 2940 lbs., 80.31; King & Bradford, 1660 lbs., 79.55; Sherwood Bradford, 185 lbs., 78.54; Oscar Funk, 625 lbs., 77.11; Lindsay Pogue, 230 lbs., 75.27; Mahlon Kirk, 345 lbs., 74.78; Key & Adams, 4320 lbs., 74.01; Cyrus Bradford, 2,010 lbs., 68.11; Jess Jefferson, 740 lbs., 64.45; Mrs. E. P. Pogue, 70 lbs., 62.85; L. D. Stout, 1490 lbs., 61.21; Owens & Chain, 2645 lbs., 60.60; Six crops totaling 3990 lbs., averaging from \$50.00 to \$60.00; Ten crops totaling 7960 lbs., averaging from \$40.00 to \$50.00; Ten crops totaling 10,515 lbs., averaging from \$30.00 to \$40.00; Three crops totaling 1,095 lbs., averaging from \$20.00 to \$30.00; Two crops totaling 840 lbs., averaging \$15.00.

The Farmers and Planters is the place to sell. Try us with a small load and find out.

FARMERS & PLANTERS TOBACCO WAREHOUSE COMPANY, Inc.
A. L. POWERS,
President and Sales Manager.

FEW CALENDARS ARE NOW BEING ISSUED

Because of the high cost of printing, paper, etc., there are being fewer calendars issued this season as last. Several of our progressive insurance men, however have had large calendars issued which they are now distributing among their friends and hanging in public places.

COUNTY SCHOOLS TO HAVE LONG XMAS. HOLIDAY

County Superintendent Turnipseed announced this morning that all county schools will be closed on the Wednesday before Christmas and will remain closed until the Monday after New Year's Day to permit the school children to celebrate the holidays.

BIG RESTAURANT PLANNED FOR MAYSVILLE

It is understood that several of our local men are organizing a company to open in the center of our city in the very near future a large and very attractive eating house fitted with all of the latest and most modern restaurant equipment. Such a restaurant will be kept busy.

GOOD WEATHER FOR THE HANDLING OF TOBACCO

The rains of Monday night put tobacco in splendid condition for handling and many farmers spent the day today busy in their crops getting them ready for delivery to the local market this week.

WILLIAM BECKETT AND SON DEVELOP PNEUMONIA

Man Whose Home Was Burned and Was Horribly Burned About the Face and Neck and Eleven Year Old Son Have Little Chance to Recover.

Mr. William Beckett, whose home near Bridgeport was burned early Monday morning and whose little son was burned to death, has very slim chances for recovery from the severe burns he sustained and his eleven year old son, Charles, is also feared for. Physicians today announced that both Mr. Beckett and his son had developed severe cases of pneumonia from the exposure and as Mr. Beckett is horribly burned about the neck, it is feared that he cannot recover.

The mother and little three day old baby who were exposed to the cold night air in a barn for more than an hour, are both reported as doing nicely. Neither the mother or the baby have even a cold and physicians now think that they will both escape the illness they at first feared.

Mr. Clarence Beckett, of the East end, who is a brother of William Beckett, came to Maysville this afternoon from his brother's present home and says that there is little hope held out for either Mr. Beckett or the boy.

FORMER SCHOLARS ARE ASKED TO SIGN REGISTER

Students of Miss Sallie Burrows Asked to Visit Her or Write Her Between December 21-28.

Miss Sallie Burrows, of Front street, who for the past years has been an invalid and confined to her home on account of rheumatism, is anxious to have the signature of as many of her former students who are living as possible.

Miss Sallie, as all her old scholars know her, taught in the Maysville public schools for many years and has taught two generations in several families. She was also for more than 30 years a Sunday School teacher in the First M. E. Church, South, and conducted a mission Sunday School in the East end of the city where she had hundreds of scholars.

Her friends suggest that all of her old day school or Sunday School scholars who are living in Maysville call at her home in Front street sometime between 2 and 9 p. m. between Sunday, December 21 and December 28 to shake her hand and sign their name to a register she is anxious to have. It is also suggested that all of her former students who live out of Maysville write her during that period a post card and the relatives and friends of former scholars upon seeing this article are asked to write their absent relatives or friends advising them of this arrangement.

If every one of her former students should sign the register or write her a card she would have hundreds of signatures but many have gone on before her.

REMOVAL OF TRAIN IS GREATLY FELT HERE

The removal of the morning L. & N. train from the Maysville division this morning is being greatly felt in Maysville. It was a great disadvantage to the tobacco market as many persons who would have been on the market were unable to be here and it has also proven a great disadvantage to the merchants as shoppers are unable to reach here in the morning.

Rev. C. R. Thomas, of Vanceburg, passed through the city today en route to Lexington to attend the Inter-State meeting.

COMPLETE ORGANIZATION OF DEVELOPMENT CO. MONDAY

Nearly \$75,000 of the Needed \$100,000 Capital of Maysville Development Company Is Subscribed—Organization Monday.

Those who are promoting the organization of the Maysville Development Company for the purpose of building new houses in the city to house new residents, are more than pleased with the manner in which the people of Maysville are supporting the proposition.

At a meeting of those leading in the movement held on Monday night, it was reported that nearly \$75,000 of the capital stock of \$100,000 had already been subscribed and at this meeting it was decided that the campaign for stock subscription be continued until next Monday evening when a general meeting of the stockholders of the company will be held at the County Court House and at this meeting a charter will be adopted and officers for the new company will be elected.

Immediately following this meeting the charter will be requested of the Secretary of State and as soon as the charter is granted the company will begin its operations. The company hopes to be able to build at least one hundred new homes in Maysville next spring. This will house a large number of people and will also give employment to all of our local tradesmen for several months.

Those who have not yet taken stock in this company organized solely for the development of the city of Maysville, should make their purchase immediately so that as much of the capital stock as possible shall be paid in when the general meeting is held on next Monday evening.

COAL COMPANY ELECTS OFFICERS HERE

The Harlan-Keillora Coal Company, owners of coal mines in Harlan county held a meeting in Maysville yesterday and elected the following officers for the year:

President—E. T. Kirk.
Vice President—George Mitchell.
Secretary-Treasurer—George Bailou.

Night Watchman is Foully Murdered

Watchman at Cotton Mills Murdered at Early Hour This Morning—Coroner and Police Investigate.

Benjamin A. Schumacher, who for a number of years has been the trusted night watchman at the January & Wood Company's Cotton Mills, was found dead on the fourth floor of the plant when employees entered the building this morning to begin work. Under the right eye and directly over the heart was found two large holes torn by discharges from a shot gun. There were burns about both wounds indicating that the person who discharged the gun was near his victim at the time.

Coroner Higgins was called to investigate and he immediately called in Chief of Police Harry A. Ort. Both of these officials reached the conclusion immediately that this was a case of murder. Both officials began investigations which may lead to the arrest of suspects but up until this afternoon no arrests have been made.

Schumacher's body was found by Mary Ritchie, an employee of the Cotton Mills. She had gone to the fourth floor of the building to go to work when she came upon the body and immediately she called to other employees. Schumacher was lying directly inside a door way leading from the rear room on the fourth floor into the room directly in front of it. Sitting near the doorway in the rear room was his lantern and it is supposed that he sat his lantern down and entered the other room when he was shot in the face. The wound over the heart was probably inflicted after he had fallen as blood on a cotton bale near this door indicates that he first fell against it and then staggered to where his body was found.

In the rear room and near his lantern was found a button from the dead man's overalls which might indicate that there was a struggle in the rear room before the other room was entered but police do not put much faith in this theory, being more ready to believe the first theory that Schumacher was shot as he entered the second room and without warning. Either of the wounds would have been sufficient to have killed the man almost instantly and this, according to officials, dispels any suicide theory.

Investigation by the officers discloses that there was no damage done to any of the plant's machinery and nothing was stolen from the plant. Schumacher's pocketbook containing money was found on his body and his pockets had not been rifled. This seems to clear up a theory of robbery as a motive and officials believe that the only possible motive for such a terrible crime was personal enmity.

Schumacher was last seen at 12:25 Monday night by the fireman at the Electric Light Plant, adjoining the Cotton Mills. At that time he was in the engine room of the Electric Light Plant talking with the fireman. He left the plant and re-entered the Cotton Mills. The time clock in the Cotton Mills office, which registers visits of the watchman to various parts of the large building, had not been wound and was stopped so that his "punchings" during the night were not recorded and it is impossible by this means to learn when he last reported over this system. It is thought, however, that the murder must have been committed about one o'clock Tuesday morning.

Coroner Higgins has not as yet set a time for the formal inquest desiring to make further investigations and to give the Police Department more time to get into the case more thoroughly.

Every theory has been cleared up by both the Coroner and the Police except that some personal enemy of Schumacher's slipped into the building and climbing to the top floor of the building near the rear, where a gun report would be least liable to be heard on the streets, laid in wait for the man to make his regular trips over the building and then without warning shot him to death.

The body of the dead man was taken to Higgins & Slatery's morgue where it was prepared for burial.

Schumacher was 56 years of age and is survived by his wife and six small children. He had been the night watchman at the Cotton Mills for a number of years and was considered a very trusty employee. He was a quiet sort of man and was not thought to have had personal enemies.

Officials are working hard on this case as this is the first murder committed in Maysville in years and all

OUR POLIOY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

MONEY'S BEST BARGAIN

The Sheppard maternity bill proposes that the federal government spend \$4,000,000 a year for the benefit of prospective mothers and infant nursing.

The Child Welfare Bureau of the Department of Labor avrs that by so doing one-half of the 300,000 children who die under 5 years each year can be saved.

In other words, the babies saved would cost Uncle Sam \$26.99 each. Is a baby worth that? Ask any mother!

The states will be required to spend an equal amount in co-operation with Uncle Sam. That will bring the cost of a baby up to \$53.98. Who wouldn't give that for a sweet baby.

The sweetest word in the language is that of MOTHER. And statistics say that 17,000 mothers dies year incident to their bringing little ones into the world, the advent of what would be their greatest joy if they could live.

Experts at the children's bureau claim most of these mothers could be saved with proper care. So for this \$8,000,000 Uncle Sam and the states would save 150,000 babies and nearly 17,000 mothers.

Wouldn't it be money well spent? Well, the vote in both houses of Congress should be unanimous of this bill. It will cost the people of the United States only 8 cents each.

The mayor of aCnton, Ohio, failed to do his duty in the steel strike, and was removed from office by the governor. Unfortunately there is no higher power which can emmarily take out of the White House a President who fails to protect his people from strike evils.

TODAY'S BIRTHDAYS

Prince Peter Kropotkin, the famous Russian writer and philosopher, born 77 years ago today.

Rev. Dr. G. Campbell Morgan, renowned pulpit orator, now a professor in Teachers' Training College, New York, born in England, 56 years ago today.

Meredith Nicholson, author of numerous popular novels, born at Crawfordsville, Ind., 63 years ago today.

Thomas W. Hardwick, former United States senator from Georgia, born at Thomasville, Ga., 47 years ago today.

George Henry Brimhall, president of Brigham Young University, born in Salt Lake City, 67 years ago today.

Mr. and Mrs. J. F. Ryan of Huntington, W. Va., Mr. and Mrs. Chas. Stephens, Penn. Ind., Mr. Lee Thomas, Mt. Olivet, Miss Alice Newman, Cincinnati, O., Mr. and Mrs. I. F. McKee, Bellevue, Ky., were here in attendance at the funeral of Mrs. Cecil Dunbar Hutchens.

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them.

Here is one of many cases in this vicinity.

Jas. M. Newton, Gum, St., Aberdeen, Ohio, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited. Whenever my back has been weak or when my kidneys have been too frequent in action, I have used a box of so of Doan's Kidney Pills, which I get at Wood & Son's Drug Store. They have always relieved me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Newton had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

TURKEYS Wanted

HEALTH AND HAPPINESS GO HAND 'IN HAND

Vigorous, Red-blooded Men and Women Get Most of Life's Joys and Benefits—Red Blood Is Source of Health—Pepto-Mangan Creates Rich, Red Blood—Builds Up the Body—Benefits are Real.

Nature never intended that any man or woman should be made unhappy with thin, worn-out, sluggish bodies. Why, then, do men and women with poor, thin blood (anemia) accept this condition, thinking that it is natural that they should remain this way? How unhappy such people make themselves and those around them! And it is all so unnecessary, for unless you suffer from some deep-seated ailment, you can soon remedy any form of poor health caused by thin, impoverished blood.

Pepto-Mangan is prepared just for such people. Pepto-Mangan contains the very elements that impart richness to the blood and increase the supply of the tiny red-blood cells that good healthy blood must contain.

Pepto-Mangan is put up in both liquid and tablet form. Both forms are exactly alike in medicinal qualities. When you order Pepto-Mangan, be sure to ask the druggist for "Gude's". And look for the name "Gude's" on the package. If Gude's is not there, it is not Pepto-Mangan.

BRAIN AND BRAWN FOR DISABLED MEN

One bend to one side and one bend to the other side! It isn't an instruction for a new dance, but a diagnosis of the spinal curvature in the back of one of the disabled soldiers who is now in training at college under the Federal Board for Vocational Education.

Spinal curvature is very prevalent among the disabled service men. At one college where they are in training there are special courses of corrective exercises given for them which are specially suited to their disabilities and needs.

Chest weights, wall and triplex tend to correct spinal trouble by development of the back and lungs. Other exercises are given and the men improve under them.

Sway back, round shoulders and slight spinal troubles are in many a man's back who doesn't know it. As soon as it is discovered he is at once put to the work of correcting it as far as possible.

DODSON CONTEST COMES UP ON THURSDAY

City Council meet on Thursday evening at the Council Chamber as a committee of the whole to take up the contested seat of Dr. J. A. Dodson in council. There will be much interest taken in the final outcome of this contest, which has attracted much attention in Maysville recently.

BLACK REMITS FINE OF MAN KILLED IN FRANCE

Frankfort, Ky., December 8.—The State's part of a \$500 bond given by Clarence Ratliff, Bath county, who was accused of house breaking, and signed by W. H. Thomas, has been remitted by Governor Black. Ratliff joined the army and was killed in action in France.

IN THE DAY'S NEWS

Senator Joseph E. Ransdell of Louisiana, who has announced his intention to retire from the presidency of the National Rivers and Harbors Congress with the close of its annual convention which meets in Washington today, has been one of the leading spirits in the congress ever since its organization fifteen years ago and since 1907 he has been its president. Senator Ransdell is a native of Louisiana and a lawyer by profession. In addition to his law practice and his public service he has found time to engage in cotton-planting on a large scale. His public career dates from his election as a district attorney in 1884. In 1899 he was elected to Congress, where he served seven consecutive terms in the House of Representatives. He was elected to the Senate in 1912 and is now serving his second term in that body.

A resolution proposing a woman suffrage amendment to the constitution of Ohio was introduced in the legislature of the State.

Wounds From Rusty Nails Dangerous

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Houstonia for such injuries do not need to fear blood poisoning."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 35c, 50c and \$1.00 sizes. Be sure you get the genuine Houstonia—each with Dr. Jones' picture on the yellow wrapper. The Dr. J. O. Jones Co., S. Charleston, O.—Adv.

Tobacco MARKET OPENS Dec. 9th

The Lexington Tobacco Market opened the 2nd, at an average of \$56.09 per hundred, on an extra good break of Tobacco, the price range being from 10c to \$1.15, crops averaging as high as 88c.

There were only a few fine crops on the floor, so you can see that the medium good tobacco made averages from 50c to 70c.

Everything points to our having HIGH PRICES on our MARKET, and the OPENING PRICES, we are sure, will please every one.

Rheumatism Relief—25c.

Nature's Remedy (NR Tablets), Are
Helping Thousands Who Tried Ex-
pensive Treatments Without Result.
It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ailments.

Rheumatism—due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory results or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism, it improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

GOV. MORROW WILL FACE THE WHITE PLAGUE PROBLEM

Morrow Will Find Question of Down-
ing Tuberculosis in Kentucky One
of Most Important to the Future
of Commonwealth.

Frankfort, Ky., December 8.—With a new Governor in charge of affairs in Kentucky the coming week he will find there is one old problem left over from former administrations with which he will have to wrestle if Kentucky is to take her place in the forefront of American commonwealths where she belongs. That is the century-old problem of stopping the ravages of tuberculosis, the white plague which last year cost the lives of 4,600 Kentuckians and entailed an economic loss of millions of dollars.

Edwin P. Morrow enters upon the duties of his office with opportunities that have been vouchsafed to but few governors of old Kentucky. The state debt and its proper handling, the economy of administration he has promised and which the State undoubtedly needs to get to a business basis, the elimination of every office for which there is not a positive need—all of these will be met by the able and ambitious young executive the people have chosen as their Governor, aided by a legislature which will be very much inclined to follow his lead in any matter for the betterment of the State, though the Senate is not of his party. It is said, however, that it will not seek to hamper Mr. Morrow in the carrying out of any construction policy but on the other hand will co-operate with him in his avowed purpose of setting Kentucky in a foremost place in the galaxy of progressive states.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

The public health problem is one of the most important the new administration will face. Kentucky has some good health laws, enacted by the votes of Democrats and Republicans, which have done much within the last few years to lessen the ravages of tuberculosis, which medical experience has demonstrated to be not only a curable but a preventable disease. People are aiding at this time in the raising of a fund of \$130,000 with which to back up the work of the Kentucky Tuberculosis Association in an educational campaign to prevent the spread of the disease from the 30,000 afflicted with it in this state to their families. This fund is being raised by the sale of Red Cross Christmas Seals, which cost a cent apiece and which are being used on packages, gifts and letters mailed during the holidays. All who are interested in ridding Kentucky of the plague ought to buy these stamps liberally. A few cents each and the great problem is solved.

ONE YEAR AGO TO.

President Poincaré was given an enthusiastic greeting in Strasbourg. Norway and Denmark announced their relations with Russia. Loyal troops succeeded in quelling the riots and restoring order in Berlin.

Rev. Charles L. Hattery, rector of Grace Episcopal Church, New York, born at Pittsburgh 52 years ago today.

Catarhedral Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhedral deafness, and that is by a constitutional remedy. Catarhedral Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhedral Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. T.C. F. J. CHENEY & CO., Toledo, O.

TODAY'S EVENTS

Sweden celebrates today the 325th birthday anniversary of Gustavus Adolphus.

Municipal elections will be held today in a number of the chief cities of Massachusetts.

The Alberta Winter Fair will be opened at Calgary today and continue until the end of the week.

OFF TO SEE ED. MORROW MADE GOVERNOR OF STATE

Large Delegation of Maysville and Mason County Republicans Accompany Boys' Band to Capital City For Inaugural Ceremonies.

In addition to the famous Maysville Boys' Band, there were quite a number of Maysville and Mason County Republicans who took the morning L. & N. train today for Frankfort to attend the inauguration of Edwin P. Morrow as the governor of Kentucky.

True to his promise during his campaign, Governor Morrow made arrangements for the local juvenile band to head the inaugural parade. Governor Morrow says that the Maysville Boys' Band is the best juvenile band he has ever heard and he says he has heard a number and in honor of the boys, he took a hand in the inaugural parade arrangements and said that he wanted the Maysville band to march directly in front of the carriage occupied by Governor Black and himself in the big parade which is directly in the front rank.

This is an honor the boys and girls in this band will long remember for there will be 24 bands in that parade and Smittle and his great military organization from Cincinnati will be one of them. The boys and girls who make music in today's parade will no ways look back to today as one of the Red Letter days in their career.

OUT MANY COLORS

Monday was loud sox day at the Maysville High School and the boys were found out in all the colors of the rainbow. The next big celebration will probably be overall day.

RIVER COMING UP RAPIDLY

The Ohio river at this point is rising very rapidly and at 3 o'clock this afternoon the government gauge at this place registered 44.2 and rising very rapidly.

IS ADMINISTRATOR

In the Mason County Court this afternoon W. H. Ross was named administrator of Charles Roberts and he qualified as such with C. L. Mains as surety on bond.

Hogs—5963 closing slow. Medium and heavy \$12.50; light \$12.25; pigs \$11.75; roughs \$11; stags \$8.
Sheep—Slow to steady. Lambs \$15 down.

NIGHT WATCHMAN IS FOULY MURDERED

(Continued from First Page)

Officials connected with the case are determined to clear the matter up and see that the murderer comes to justice. Arrests in the case may be expected within a few hours.

It was discovered this morning that the murderer made his entrance to the building and his escape from the building by means of the fire escape, the lower part of which was unhooked and swinging. Fresh mud on the fire escape also proved that this means of entrance and exit was used. The murderer could hardly have gotten into the building by any other means as it was almost impossible to climb the large fence in front of the building or the wall in the rear.

ARRESTS MADE IN DANSEY CASE
Hammond, N. J., December 9.—Charles S. White, 29, a son of Councilman Edward H. White, and Mrs. Edith Jones, 53, housekeeper for the councilman, are in the county jail at Mays Landing, today, awaiting the action of the grand jury in connection with the death of three-year-old "Billy" Dansey, whose body was found by a hunter in a swamp about two miles from his home here, November 21. White is charged with the murder of the child, while Mrs. Jones is accused of being an accessory after the fact.

COLD WEATHER GRIPS NATION
Chicago, December 9.—With already greatly diminished coal piles rapidly growing still smaller, the most severe weather of the winter, with sub-zero temperatures, grips today nearly all of the country west of the Mississippi river, with a spread southward and eastward forecast for tomorrow and Thursday.

Districts where the fuel reserve is virtually exhausted are chief sufferers from the low temperatures. At Butte, Mont., with 30 degrees below zero, hundreds were reported to be suffering from hunger and cold.

TOBACCO MEN ARE ORGANIZING
Organization of defense bodies among tobacco growers and manufacturers of Kentucky is the first step to be taken in preparation against any move to prohibit use of tobacco.

Dr. W. A. Gardner of New York, general manager of the Allied Tobacco League of America, and Emmett Orr, Louisville, field secretary, have started enrolling the 300,000 tobacco growers of the state.

RED CROSS SEALS CAMPAIGN MUST GET UP MORE SPEED

Workers Must Keep Busy Actively If Quota Set For State Is To Be Reached But Many More Are Expected To Be Sold.

Sales of the first six days of the Red Cross Christmas Seals have not been up to the mark set by the promoters of the sale which include every public health agency in Kentucky. The State Board of Health, the Kentucky Tuberculosis Association, the Red Cross, the Public Health Nursing Association in all parts of the state, and the County Tuberculosis Associations.

Many stamps have been sold in the intensive campaign in Northern Kentucky, where W. C. Ryerson, a newspaper live wire, is chairman. In Western Kentucky and in Central Kentucky, too, reports show that many seals have been sold, but not enough to make the state's quota unless they are considerably increased.

In Lexington the school children have sold their quotas and have sent in requisitions for more seals. Major Ernest B. Ellis, who is Assistant Chairman J. A. Goodson there, offered prizes of \$100 for the best sales rallies among the children, and the very first day the school quota was all sold. It is hoped to finish the campaign this week, but if necessary, it will be continued until the quota of \$130,000 is raised. Many more seals are expected to be sold this week.

WILL IS PROBATED

In the Mason County Court this afternoon a paper bearing date of April 8, 1918, and purporting to be the last will and testament of James T. Dickson, was produced in court and filed. The due execution of the paper was proven by the testimony of Mary E. Nesbitt and Nellie E. Dickson and it was admitted to probate. By the terms of the will the deceased's estate is left in trust to the State Trust Company for the use of his sister, Gertrude Dickson.

W. W. Ball, who was named executor of the will, qualified as such.

COLORED BOYS' BAND SHOWS RAPID PROGRESS

The Maysville Colored Boys' Band was out Monday night parading the streets and giving the people of Maysville some idea of the music they can produce. The band surprised many for this organization has only been practicing about two months. Under the direction and instruction of Prof. Yeager, an expert band master of long army experience, the colored boys are showing rapid progress.

SUNDAY SCHOOLS PLAN CHRISTMAS ENTERTAINMENTS

The local Sunday Schools are now making preparations for their annual Christmas entertainments to be held near the Christmas day. All of the local schools are planning great things for their youngsters and Santa Claus will be on hand at all of the schools.

BAND BOYS TREATED

The members of the Maysville Boys' Band were treated this morning by the management of the Federal Bakery to doughnuts and hot coffee. All of the members of the band were also given a dozen doughnuts to carry on the train with them.

C. OF C. MOVES

The Maysville Chamber of Commerce and the Mason County Farm Bureau is moving this afternoon to their new home in the Dodson building in East Second street which has been fitted up and put in fine condition for them.

Quick Relief For Eczema

San Cura Ointment Is a Marvelous Ointment for Many Other Distressing Affections.

San Cura Ointment has relieved many cases of itching, bleeding and protruding piles. It has drawn the poison from and completely healed running sores and fever sores which were so old and chronic that everyone who saw them considered them helpless.

San Cura Ointment is guaranteed by J. Jas. Wood & Son to do as stated above and also to banish tetter, boils, carbuncles, to heal ulcers, cuts, burns, scalds and bruises, or money back.

The same guarantee holds good for old blains, chapped hands and face, so you risk not a penny when you buy a jar for \$50, \$60, \$1.25 and \$2.45. For tender skin and to secure a perfect complexion use San Cura Soap. It's the best soap for babies, too, as it prevents contagion—25 cents. Thompson Medical Co., Blueville, Pa.

PLAYGROUNDS FOR NEW INDUSTRIAL COLONY ASKED

Maysville Community Club Passes Resolutions Asking Maysville Development Company to Provide For Children in Their New Sub-division.

A very interesting meeting of the Maysville Community Club was held last night following a very delightful lecture. Probably the most important business transacted by the club was the adoption of these resolutions:

Whereas, the future of Maysville lies in her children, and,

Whereas, plans for the future of Maysville should include careful consideration for the well being of her children, now therefore,

Be it Resolved, That the Maysville Community Club respectfully suggest to the Maysville Development Company that in laying plans for the proposed Industrial Colony, a lot of suitable size, location and attractiveness be set aside for a playground, and that,

Near the playground a house suitable for a day nursery be built where children under school age whose mothers go out of the home to work, may be suitably cared for during the day, and that,

The Maysville Community Club hereby offers its hearty assistance and co-operation for any service it may be able to render in making the playground and the day nursery agencies for good in the lives of the children, and that,

The Secretary be and herewith is instructed to send a copy of this resolution to the Board of Directors of the Maysville Development Company.

SKATING RINK IS OPENED TO PUBLIC WEDNESDAY

Under the Management of the Terpsichorean Club the Princess Skating Rink Will Be Opened to the Public on Wednesday Evening.

The Princess Skating Rink will be re-opened to the public on Wednesday evening under the management of the Terpsichorean Club and there will be a big time in store for those attending every evening from Wednesday evening until the skating season shall close.

The Club has made special arrangements with Mr. John W. Dunn, famous acrobat skater, to instruct the public who desire to learn to skate free of charge. Mr. Dunn will be the floor manager and as he has had considerable experience in this line of work and is well known in Maysville, he will be quite an added attraction for the management of the rink.

The officials of the club announce that they will have some big special skating feature at the rink each week and will have first class music for the skaters every night. On Wednesday night, the opening night, the famous Maysville Boys' Band will furnish the music and fresh home from Frankfort with their laurels won in leading an inaugural parade, they should make the best music of their lives.

The establishment of the first steamship line between New York and New Orleans.
